- d. A starch factory, located at a distance of half a kilometer south of the railroad station, and 1 km. west of the Lutheran Church. Railroad tracks lead directly up to the site.
- e. A tractor station, situated in the Podskala quarter opposite the saw mill, comprises a total of about 30 tractors.
- f. Iron ore is mined at Rudnany (formerly Koterbachy), 12 km. from the town on the road to Kosice. These mines have been enlarged in recent years, and employ at present some 3,000 workers.
- g. Gypsum mines and a gypsum processing plant are situated in Spisska Nova Ves Huta, 3-4 km. south of the town. Uranium was reportedly discovered there in 1951, and approximately at the same time, Soviet engineers and technicians arrived from Novy Jachymov, center of Czech uranium mines, and have since been accommodated on Slovenska Street, in the vicinity of the railroad station and near the point where the Kosice line branches off in the direction of the flour mill and furniture factory. The former occupants, Catholic priests, were evacuated from the house. A narrow gauge line leads from the mine to the main railroad track, crosses it, and reaches a freight yard near the saw mill.
